

High Load Capacity Single Row Slewing Bearing for Slewing in -40°C To 80°C

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ZHUOLI
- Certification: ISO9001
- Model Number: RKS. 062.20.0414

Product Specification

- Warranty: 1 Year
- Application: Slewing
- Load Capacity: High
- Corrosion Resistance: Yes
- Trademark: Neutral/OEM/According To Customized
- Material: Steel
- Precision: High
- Rotational Speed: High
- Highlight: **High load single row slewing bearing,
Single row slewing bearing for extreme
temperatures
, Slewing bearing with -40°C to 80°C range**

Product Description

Product Description:

The Single Row Slewing Bearing is a high-quality bearing spare part designed for various applications that require precise rotation, such as Dual Axis Slew Drive systems. With its excellent corrosion resistance, this slewing bearing is built to withstand harsh environmental conditions, making it suitable for both indoor and outdoor use.

Operating within a temperature range of -40°C to 80°C, this Single Row Slewing Bearing ensures reliable performance even in extreme weather conditions. Whether used in cold storage facilities or hot industrial environments, this bearing maintains its functionality and durability.

For optimal operation, this slewing bearing is pre-lubricated with grease, reducing friction and wear to prolong its service life. The grease lubrication also helps to protect the bearing from contaminants and debris, ensuring smooth and efficient rotation in Dual Axis Slew Drive systems.

As a Slewing Bearing, this product is engineered to provide smooth and stable rotation while supporting axial, radial, and moment loads. Its robust construction and precision design make it an ideal component for machinery and equipment that require controlled movement and positioning.

Available under the trademarks Neutral, OEM, or customized branding, this Single Row Slewing Bearing offers flexibility and versatility to suit various branding requirements. Whether you prefer a non-branded option or wish to showcase your own brand identity, this product can be tailored to meet your specific needs.

Features:

Product Name: Single Row Slewing Bearing

Rotational Speed: High

Type: Single Row

Warranty: 1 Year

Lubrication: Grease

Application: Slewing

Technical Parameters:

Type	Single Row
Trademark	Neutral/OEM/According To Customized
Precision	High
Size	Customizable
Rotational Speed	High
Load Capacity	High
Corrosion Resistance	Yes
Warranty	1 Year
Sealing	Sealed
Operating Temperature	-40°C To 80°C

Applications:

ZHUOLI's Single Row Slewing Bearing, model number RKS. 062.20.0414, is a versatile product suitable for various application occasions and scenarios. Manufactured in CHINA with ISO9001 certification, this product is designed to meet high standards of quality and performance.

The Single Row Slewing Bearing by ZHUOLI is ideal for applications requiring a reliable and durable mounting solution. With a Bolted mounting type, it ensures secure installation in a wide range of environments.

One of the key application scenarios for this product is in the field of slewing mechanisms. Whether used in machinery, equipment, or industrial systems, this slewing bearing facilitates smooth rotation and movement, making it an essential component for optimal functionality.

Thanks to its customizable size, the ZHUOLI Single Row Slewing Bearing can be tailored to suit specific requirements, providing flexibility and adaptability for different projects and applications.

Whether it's for a Ceramic Sliding Bearing, Center Driveshaft Support Bearing, or any other related application, this slewing bearing offers reliable performance and precise engineering. The neutral/OEM/trademark according to customization further enhances its versatility and compatibility with various setups.

Support and Services:

The Product Technical Support and Services for the Single Row Slewing Bearing include:

- Installation assistance
- Troubleshooting guidance

- Maintenance recommendations
- Warranty support
- Product training
- Technical documentation
