

Grease Lubrication Single Row Slewing Bearing with Corrosion Resistance

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ZHUOLI
- Certification: ISO9001
- Model Number: RKS. 062.20.0414

Product Specification

- Mounting Type: Bolted
- Corrosion Resistance: Yes
- Precision: High
- Size: Customizable
- Trademark: Neutral/OEM/According To Customized
- Sealing: Sealed
- Bearing Type: Slewing Bearing
- Warranty: 1 Year
- Highlight: corrosion resistant slewing bearing,
grease lubrication slewing bearing,
single row slewing bearing

Product Description

Grease Lubrication Single Row Slewing Bearing with Corrosion Resistance

Product Description

The Single Row Slewing Bearing is a versatile and durable center driveshaft support bearing designed for various applications in the slewing industry. With a wide operating temperature range of -40°C to 80°C, this slewing bearing is suitable for use in both extreme cold and hot environments, providing reliable performance in diverse conditions.

As a specialized type of slewing bearing, this product is engineered to accommodate high load capacities, making it ideal for heavy-duty applications where robust bearing support is essential. Its single row configuration ensures efficient load distribution and smooth operation, enabling it to handle substantial loads with ease.

Designed specifically for slewing applications, this bearing is a crucial component for ensuring smooth and efficient rotation of equipment such as cranes, excavators, and other machinery. Its precision engineering and high-quality materials make it a reliable choice for supporting rotating components and facilitating seamless movement.

With a focus on performance and reliability, this single row slewing bearing is engineered to meet the demands of modern industry. Its high load capacity, wide temperature range, and precision design make it a versatile and dependable choice for a wide range of slewing applications.

Applications

ZHUOLI Single Row Slewing Bearing (Model: RKS. 062.20.0414) is a high-quality product designed for various industrial applications. With its place of origin in CHINA and certification under ISO9001, customers can trust the reliability and performance of this slewing bearing.

The ZHUOLI Single Row Slewing Bearing is ideal for use in Dual Axis Slew Drive systems, providing smooth and efficient motion control in machinery and equipment. For excavators, this slewing bearing serves as an essential component, ensuring the stable rotation of the Excavator Slewing Ring Bearing.

Moreover, the ZHUOLI Single Row Slewing Bearing is also commonly used as a Drive Shaft Center Bearing in various mechanical systems. Its precise engineering allows for reliable torque transmission and rotational movement, even in challenging operating conditions.

Customization

Brand Name: ZHUOLI

Model Number: RKS. 062.20.0414

Place of Origin: CHINA

Certification: ISO9001

Warranty: 1 Year

Operating Temperature: -40°C To 80°C

Trademark: Neutral/OEM/According To Customized

Lubrication: Grease

Bearing Type: Slewing Bearing

Product attributes include Drive Shaft Center Bearing, Ceramic Sliding Bearing, Bearing Spare Parts.

Packing and Shipping

The Single Row Slewing Bearing is carefully packaged to ensure safe delivery. It is wrapped in protective materials and placed in a sturdy cardboard box to prevent any damage during transit.

Once your order is confirmed, the Single Row Slewing Bearing will be shipped using a reliable courier service. You will receive a tracking number to monitor the delivery status of your package.

FAQ

Q: What is the brand name of this Single Row Slewing Bearing product?

A: The brand name is ZHUOLI.

Q: What is the model number of this Single Row Slewing Bearing product?

A: The model number is RKS. 062.20.0414.

Q: Where is this Single Row Slewing Bearing product manufactured?

A: It is manufactured in China.

Q: Does this Single Row Slewing Bearing product come with any certification?

A: Yes, it is certified with ISO9001.

Q: Are there different sizes available for this Single Row Slewing Bearing product?

A: Yes, this product is available in various sizes to suit different applications.
