

Industrial Slewing Bearing Center Driveshaft Support Bearing Made of Steel for Heavy-Duty Applications

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ZHUOLI
- Certification: ISO9001
- Model Number: RKS. 062.20.0414

Product Specification

- Corrosion Resistance: Yes
- Operating Temperature: -40°C To 80°C
- Type: Single Row
- Application: Slewing
- Rotational Speed: High
- Precision: High
- Load Capacity: High
- Bearing Type: Slewing Bearing
- Highlight: **steel slewing bearing heavy-duty,
industrial slewing bearing center driveshaft,
single row slewing bearing support**

Product Description

Industrial Slewing Bearing Center Driveshaft Support Bearing

Made of steel for heavy-duty applications, this top-of-the-line product is designed for a wide range of industrial uses with exceptional quality and performance.

Product Features

Operating Temperature: -40°C to 80°C range for diverse environmental conditions

Warranty: 1-year manufacturer's warranty

Trademark Options: Neutral, OEM, or customized branding available

Bearing Type: Single Row Slewing Bearing with precision engineering

Construction: High-quality steel materials with ceramic sliding bearings option

Compatibility: Works with Dual Axis Slew Drive systems

Applications

Model RKS.062.20.0414 is ideal for various industrial scenarios requiring double row cylindrical roller bearing technology:

- Excavator slewing bearing applications
- Heavy-duty construction equipment
- Mining machinery
- Industrial machinery requiring precise rotation

Features bolted mounting for easy installation and grease lubrication for optimal performance in temperatures from -40°C to 80°C.

Customization Options

We offer tailored solutions for your specific requirements:

- Ceramic sliding bearing technology
- Dual axis slew drive integration
- Drive shaft center bearing design
- Custom rotational speed specifications

Packaging & Shipping

Each bearing is securely packaged in sturdy cardboard boxes with protective cushioning to prevent transit damage. We use reputable courier services with full tracking provided.

Frequently Asked Questions

Q: What is the brand name of this bearing?

A: ZHUOLI

Q: What is the model number?

A: RKS.062.20.0414

Q: Where is it manufactured?

A: China (ISO9001 certified)

Q: What are the key features?

A: High-quality steel construction, precision engineering, reliable performance in extreme temperatures, and customizable options.
